

## **Music Program**

Nativity of Our School has a complete Music Program and Curriculum that enables each child to develop an appreciation for music or instill a passion for music while in a safe and fun learning environment.

Each student in grades PreK to 8<sup>th</sup> grades will receive instruction in General Music weekly during the school day. Depending on the grade level, students will learn rhythm, music notation, music appreciation and history, and music composition. Their weekly classes are taught by a degreed Music Teacher.

The Instrumental and Band Ensemble program enables students to expand their music knowledge outside the General Music class by teaching children to play any one of a variety of musical instruments through weekly group lessons. Tuition for these additional classes are reasonably priced and payable by the Trimester directly to the Music Teacher. Lessons are offered in flute, clarinet, saxophone, trumpet or trombone, guitar, bass drums, piano or keyboard.

Students who take lessons at school or have outside instruction in an instrument are also eligible to participate in the school band ensemble. Students who take lessons outside of our school can sign up for Ensemble only at a reasonable cost.

Band Instrument rentals are available through local Music and Arts Center facilities. Cost of rental instruments is not included in lesson or ensemble fees.

### **Costs for 2010-2011 Music Instruction**

Group lessons in school and Ensemble band: \$200 per trimester (\$600 for school year)

Ensemble band **ONLY**: \$125 per trimester (\$375 for school year)
